

About us.

Advocacy on medical education with government around trans health

Capacity building and integrated programming for trans health in National Health Mission

Ensuring comprehensive healthcare

Integrating with virtual strategies and virtual single window models like Pre-Risk Exposure Prophylaxis (PrEP), HIVST, condoms/lubricants, diagnostics and management of sexually transmitted infections (STI)

Mitr clinic is an initiative of Project ACCELERATE which is supported by USAID and PEPFAR. It is a one-stop center to provide the transgender community a range of services including general health, HIV counseling and screening, HIV/STI treatment, support to follow medication protocols, mental health support, gender affirmation services, as well as linkages to legal and social protection schemes

We strive to provide the best care for your health needs

@MitrClinic.Pune

Launched on June 28, 2021

The first community-led comprehensive transgender clinic (Mitr) in India

Client voices

'I experienced the best service ever during my visit to the Mitr Clinic. Laser hair reduction service is very cheap and at affordable rate. Everything was so easy and smooth.'

- Yallu Bhosale, beneficiary

'The staff was very supportive and provided with all the necessary information. I particularly liked the good management and their fast services. And one Major thing.. it is for us. I will surely make this clinic my regular source of care.'

- Anita Lakhan, beneficiary
